### Author Index

#### Aa

**Adler, K.**

Studies on hynobiid salamanders, with description of a new genus. *Asiatic Herpetological Research* **3**:37–45. (K. Adler and E. Zhao)

First records of the pipe snake (*Cylindrophis*) in China. *Asiatic Herpetological Research* **4**:37–41. (K. Adler, E. Zhao and I. S. Darevsky)

**Ahsan, M. F.**

The first record of *Ptyas korros* (Colubridae) from Bangladesh. *Asiatic Herpetological Research* **9**:23–24. (M. F. Ahsan and S. Parvin)

A record of *Boiga ochracea walli* (Stoliczka, 1870) from Bangladesh. *Asiatic Herpetological Research* **10**:235. (M. F. Ahsan and S. Parvin)

Some aspects of breeding biology of the Bengal Lizard (*Varanus bengalensis*) in Bangladesh. *Asiatic Herpetological Research* **10**:236–240. (M. F. Ahsan and M. A. Saeed)

**Al-Johany, A. M.**

The activity and thermal biology of the fossorial reptile, *Diplometopon zarudnyi* (Amphisbaenia: Trogonophiidae) in Central Saudi Arabia. *Asiatic Herpetological Research* **8**:1–6.

**Ananjeva, N. B.**

Historical biogeography of the *Phrynocephalus* species of the USSR. *Asiatic Herpetological Research* **4**:76–98.

(N. B. Ananjeva and B. S. Tuniyev)  
*Stellio sacra* (Smith 1935) – a distinct species of Asiatic rock agamid from Tibet. *Asiatic Herpetological Research* **3**:104–115. (N. B. Ananjeva, G. Peters, J. R. Macey and T. J. Papenfuss)

See also J. R. Macey (and N. B. Ananjeva)

**Anderson, S. C.**

Book review: A guide to the fauna of Iran. *Asiatic Herpetological Research* **9**:149–150.

Book review: Four recent handbooks for Turkey. *Asiatic Herpetological Research* **9**:151–152.

Book review: Wild about reptiles. Field guide to the reptiles and amphibians of the UAE. *Asiatic Herpetological Research* **9**:153.

**Andrén, C.**

See G. Nilson et al. (and C. Andrén)

**Arnekleiv, J. V.**

See D. Dolmen et al. (and J. V. Arnekleiv)

**Assadian, S.**

See M. Sharifi (and S. Assadian)

**Ataev, C.**

See S. Schammakov et al. (and C. Ataev)

**Atayev, C. A.**

See B. S. Tuniyev et al. (and C. A. Atayev)

**Auffenberg, K.**

Studies on Pakistan lizards: *Cyrtopodion stoliczkanum* (Steindachner, 1867) (Gekkonidae: Gekkoninae). *Asiatic Herpetological Research* **10**:151–160. (K. Auffenberg, K. L. Krysko and W. Auffenberg)

**Auffenberg, W.**

Studies on Pakistan reptiles. Pt. 3 *Calotes versicolor*. Asiatic Herpetological Research **5**:14–30. (W. Auffenberg and H. Rehman)

*Calotes versicolor nigrigularis* Auffenberg and Rehman 1993 a junior primary homonym. Asiatic Herpetological Research **6**:27.

**Autumn, K.**

Preliminary observations on the ecology of *Phrynocephalus axillaris* and *Eremias velox* in the Turpan Depression, Xinjiang Uygur Autonomous Region, China. Asiatic Herpetological Research **2**:6–13. (K. Autumn and Y.-Z. Wang)

Mimicry of scorpions by juvenile lizards, *Teratoscincus roborowskii* (Gekkonidae). Asiatic Herpetological Research **2**:60–64. (K. Autumn and B. Han)

**Ayaz, D.**

See M. Tosunoglu et al. (and D. Ayaz)

**Bb****Balletto, E.**

See T. Dujsebayeva et al. (and E. Balletto)

**Barth, D.**

See M. Schilde et al. (and D. Barth)

**Batra, R.**

Simplified field technique for obtaining blood from freshwater turtles. Asiatic Herpetological Research **6**:28–29. (R. Batra and S. Prakash)

**Bauer, A. M.**

A preliminary report on the reptile fauna of the Kingdom of Bhutan with the description of a new species of scincid lizard (Reptilia: Scincidae). Asiatic Herpetological Research **4**:23–36. (A. M. Bauer and R. Günther)

The systematic relationships of *Dravidogecko anamallensis* (Günther 1875). Asiatic Herpetological Research **6**:30–35. (A. M. Bauer and A. P. Russell)

**Bell, C. J.**

See W. G. Joyce (and C. J. Bell)

**Beregovaya, S. Y.**

See B. S. Tuniyev (and S. Y. Beregovaya)

**Biswas, S.**

See S. S. Pawar (and S. Biswas)

**Biun, A.**

See R. F. Inger et al. (and A. Biun)

**Blamires, S. J.**

Influence of temperature on burrow use by the monitor lizard *Varanus panoptes* of the coastal dunes at Fog Bay, Northern Australia. Asiatic Herpetological Research **9**:25–29.

**Bon, C.**

See Y. Zhang et al. (and C. Bon)

**Borkin, L. J.**

See S. N. Litvinchuk et al. (and L. J. Borkin)  
D. V. Semenov (and L. J. Borkin)

**Bour, R.**

See J. Perälä (and R. Bour)

**Brown, R. M.**

Description of a new species of *Pseudorabdion* (Serpentes: Colubridae) from Panay Island, Philippines with a revised key to the genus. Asiatic Herpetological Research **8**:7–12. (R. M. Brown, A. E. Leviton and R. V. Sison)

A new snake of the genus *Hologerrhum* Günther (Reptilia; Squamata; Colubridae) from Panay Island, Philippines. Asiatic Herpetological Research **9**:9–22. (R. M. Brown, A. E. Leviton, J. W. Ferner and R. V. Sison)

See also, A. C. Diesmos et al. (and R. M. Brown)  
J. W. Ferner et al. (and R. M. Brown)

**Bursey, C. R.**

See S. R. Goldberg et al. (and C. R. Bursey)

**Bushkirk, J. R.**

New locality records for Chinese non-marine chelonians. Asiatic Herpetological Research **2**:65–68.

**Cc****Cao, Y.**

See M. Huang et al. (and Y. Cao)

**Castellano, S.**

See T. Dujsebayeva et al. (and S. Castellano)

**Cedhagen, T.**

Anurans collected in West Malaysia. Asiatic Herpetological Research 7:1–5.

**Chanda, S. K.**

See I. Das (and S. K. Chanda)

**Chen, B.**

The past and present situation of the Chinese alligator. Asiatic Herpetological Research 3:129–136.

Preliminary research on the function of the eggshell in the Chinese alligator (*Alligator sinensis*). Asiatic Herpetological Research 4:132–136. (B. Chen and B. Liang)

**Chen, Y.**

Evaluation of snake venoms among *Agkistrodon* species in China. Asiatic Herpetological Research 4:58–61. (Y. Chen, D. Zhang, K. Jiang and Z. Wang)

**Chen, Y.-Y.**

See P. Guo et al. (and Y.-Y. Chen)

**Chikin, Y. A.**

A catalogue of non-metrical variations in skull bones of *Vipera lebetina* (Reptilia, Viperidae). Asiatic Herpetological Research 7:6–18.

**Chou, W.-H.**

On the status of *Rhacophorus prasinatus* Mou, Risch and Lue (Anura: Rhacophoridae). Asiatic Herpetological Research 5:11–13.

**Ciochon, R. L.**

See J. H. Hutchinson et al. (and R. L. Ciochon)

**Conant, R.**

The type locality of *Agkistrodon halys caraganus*. Asiatic Herpetological Research 4:57.

**Cunningham, P. L.**

Notes on the diet, survival rate, and burrow specifics of *Uromastyx aegyptius microlepis* from the United Arab Emirates. Asiatic Herpetological Research 9:30–33.

**Dd****Daniels, R. J. R.**

The Ceylonese tree frog *Polypedates cruciger* Blyth, a new record for India. Asiatic Herpetological Research 6:36–37. (R. J. R. Daniels and M. S. Ravichandran)

**Darevsky, I. S.**

Two new species of the worm-like lizard *Dibamus* (Sauria, Dibamidae), with remarks on the distribution and ecology of *Dibamus* in Vietnam. Asiatic Herpetological Research 4:1–12.

A new subspecies of the dwarf snake *Calamaria lowi ingermarxi* ssp. nov. (Serpentes, Colubridae) from Southern Vietnam. Asiatic Herpetological Research 4:13–17. (I. S. Darevsky and N. L. Orlov)

A new gecko of the genus *Gonydactylus* (Sauria: Gekkonidae) with a key to the species of Vietnam. Asiatic Herpetological Research 7:19–22. (I. S. Darevsky and N. N. Szczerbak)

See also, K. Adler et al. (and I. S. Darevsky)

**Das, I.**

Intergradation between *Melanochelys trijuga trijuga* and *M. t. coronata* (Testudines: Emydidae: Batagurinae). Asiatic Herpetological Research 3:52–53. (I. Das and P. C. H. Pritchard)

*Cyrtodactylus madarensis* Sharma (1980), a junior synonym of *Eublepharis macularius* Blyth (1854). Asiatic Herpetological Research 4:55–56.

Size-gradation in syntopic frogs in South India. Asiatic Herpetological Research 6:38–44.

Rediscovery of *Lipinia macrotymanum* (Stoliczka, 1873) from the Nicobar Islands, India. Asiatic Herpetological Research 7:23–26.

*Anguis melanostictus* Schneider, 1801, a valid species of *Barkudia* (Sauria: Scincidae) from Southwestern India. Asiatic Herpetological Research 8:13–17.

The dates of publication of amphibian and reptile names by Blanford and Stoliczka in the

- Journal and Proceedings of the Asiatic Society of Bengal.* Asiatic Herpetological Research **8**:18–24.
- A new locality for the rare Bornean skink, *Lamprolepis vyneri* (Shelford, 1905) (Sauria: Scincidae). Asiatic Herpetological Research **10**:241–244.
- Leptobrachium smithi* Matsui, Nabitabhata, and Panha, 1999 (Anura: Megophryidae), an addition to the fauna of Myanmar (Burma). Asiatic Herpetological Research **10**:245–246. (I. Das and S. K. Chanda)
- See also, J. L. Grismer et al. (and I. Das)
- Diaz, R. E.**
- A new species of *Dibamus* (Squamata: Dibamidae) from West Malaysia. Asiatic Herpetological Research **10**:1–7. (R. E. Diaz, T. M. Leong, L. L. Grismer and N. S. Yaakob)
- Diesmos, A. C.**
- Rediscovery of the Philippine forest turtle, *Heosemys leytenensis* (Chelonia, Bataguridae), from Palawan Island, Philippines. Asiatic Herpetological Research **10**:22–27. (A. C. Diesmos, G. V. A. Gee, M. L. Diesmos, R. M. Brown, P. J. Widman and J. C. Dimalibot)
- Diesmos, M. L.**
- See A. C. Diesmos et al. (and M. L. Diesmos)
- Dimalibot, J. C.**
- See A. C. Diemos et al. (and J. C. Dimalibot)
- Diong, C. H.**
- Size and shape description of oviductal eggs of *Draco obscurus formosus* (Squamata: Agamidae). Asiatic Herpetological Research **8**:25–28. (C. H. Diong and S. Y. T. Soon)
- Dolmen, D.**
- Diel activity of *Ranodon sibiricus* (Amphibia: Hynobiidae) in relationship to environment and threats. Asiatic Herpetological Research **8**:29–37. (D. Dolmen, R. A. Kubykin and J. V. Arnekleiv)
- Dujsebayeva, T.**
- On the distribution of diploid and tetraploid green toads of the *Bufo viridis* complex (Anura; Bufonidae) in southern Kazakhstan. Asiatic Herpetological Research **7**:27–31. (T. Dujsebayeva, S. Castellano, C. Giacoma, E. Balletto and G. Odierna)
- See also, V. Kolbintzev et al. (and T. Dujsebayeva)
- Dülger, B.**
- Antimicrobial activity in the skin secretion of *Bufo viridis* (Laurenti, 1768). Asiatic Herpetological Research **10**:161–163. (B. Dülger, I. H. Ugurtas and M. Sevinç)
- See also, M. Tosunoglu et al. (and B. Dülger)
- Durmus, S. H.**
- See Y. Kumlutas et al. (and S. H. Durmus)
- Düsen, S.**
- Analysis of the stomach contents of the Lycian salamander *Mertensiella luschani* (Steindachner, 1891) (Urodela: Salamandridae), collected from Southwest Turkey. Asiatic Herpetological Research **10**:164–167. (S. Düsen, M. Öz and M. R. Tunç)
- Dutta, S. K.**
- See A. K. Mohanty et al. (and S. K. Dutta)
- Ee**
- Ebrahim, M.**
- First description of egg sacs and early larval development in hynobiid salamanders (Urodela, Hynobiidae, *Batrachuperus*) from north-eastern Iran. Asiatic Herpetological Research **10**:168–175. (M. Ebrahim, H. G. Kami and M. Stöck)
- Ff**
- Fan, Z.**
- See H. Shi et al. (and Z. Fan)
- Feldman, C. R.**
- Molecular systematics of Old World stripe-necked turtles (Testudines: *Mauremys*). Asiatic Herpetological Research **10**:28–37. (C. R. Feldman and J. F. Parham)
- Ferner, J. W.**
- The amphibians and reptiles of Panay Island, Philippines. Asiatic Herpetological Research **9**:34–70. (J. W. Ferner, R. M.

- Brown, R. V. Sison and R. S. Kennedy)  
See also, R. M. Brown et al. (and J. W. Ferner)
- Fritz, U.**  
See M. Schilde et al. (and U. Fritz)
- Frynta, D.**  
See M. Stöck et al. (and D. Frynta)
- Fu, J.**  
The validity of *Sacalia quadriocellata*. Asiatic Herpetological Research **3**:120–122. (J. Fu and E. Zhao)  
Phylogeny of genus *Scutiger* (Amphibia: Megophryidae): a re-evaluation. Asiatic Herpetological Research **7**:32–37. (J. Fu, A. Lathrop and R. W. Murphy)  
Phylogeny of Chinese *Oreolalax* and the use of functional outgroups to select among multiple equally parsimonious trees. Asiatic Herpetological Research **7**:38–43. (J. Fu and R. W. Murphy)  
See also, M. Song et al. (and J. Fu)
- Fu, S.-Y.**  
See X. Ji et al. (and S.-Y. Fu)
- Gg**
- Ganieva, A. N.**  
See E. V. Vashetko et al. (and A. N. Ganieva)
- Gao, Z.**  
See Y. Yang et al. (and Z. Gao)
- Gaulke, M.**  
Observations on arboreality in a Philippine blind snake. Asiatic Herpetological Research **6**:45–48.  
On the distribution of emydid turtles and the anuran genus *Microhyla* in the Philippines. Asiatic Herpetological Research **6**:49–52.
- Gee, G. V. A.**  
See A. C. Diesmos et al. (and G. V. A. Gee)
- Giacoma, C.**  
See T. Dujsebayeva et al. (and C. Giacoma)
- Goldberg, S. R.**  
Helminths of Tago's brown frog, *Rana tagoi* (Ranidae), from Japan. Asiatic Herpetological Research **7**:44–47. (S. R. Goldberg, C. R. Bursey and Q. A. Truong)
- Golubev, M. L.**  
The variegated toad agama in Djungar Gate (Eastern Kazakhstan) with notes on certain systematic problems of *Phrynocephalus versicolor* Str. (Reptilia: Agamidae). Asiatic Herpetological Research **5**:51–58.  
See also, V. V. Manilo (and M. L. Golubev) S. Mezhzherin (and M. L. Golubev)
- Greene, H. W.**  
Defensive behavior and feeding biology of the Asian mock viper, *Psammodynastes pulverulentus* (Colubridae), a specialized predator on scincid lizards. Asiatic Herpetological Research **2**:21–32.
- Griffin, P. C.**  
Ecology and conservation of *Onychodactylus fischeri* (Caudata, Hynobiidae) in the Russian Far East. Asiatic Herpetological Research **6**:53–61. (P. C. Griffin and V. A. Solkin)
- Grismer, J. L.**  
Species diversity and checklist of the herpetofauna of Pulau Tioman, Peninsular Malaysia, with a preliminary overview of habitat utilization. Asiatic Herpetological Research **10**:247–279. (J. L. Grismer, L. L. Grismer, I. Das, N. S. Yaakob, B. L. Lim, T. M. Leong, T. Youmans and H. Kaiser)  
See also, L. L. Grismer et al. (and J. L. Grismer)
- Grismer, L. L.**  
A new species of *Leptolalax* (Anura: Megophryidae) from Pulau Tioman, West Malaysia. Asiatic Herpetological Research **10**:8–11. (L. L. Grismer, J. L. Grismer and T. Youmans)  
See also, R. E. Diaz et al. (and L. L. Grismer) J. L. Grismer et. al. (and L. L. Grismer) T. M. Leong (and L. L. Grismer)
- Grosse, W.-R.**  
See M. Stöck et al. (and W.-R. Grosse)
- Gu, H.**  
Electrocardiogram research on the Chinese alligator (*Alligator sinensis*). Asiatic Herpetological Research **4**:137–140. (H. Gu, R. Ruan and Z. Zhang)

**Günther, R.**

See A. M. Bauer (and R. Günther)

**Guo, P.**

The hemipenes of Chinese species of *Deinagkistrodon* and *Gloydius* (Serpentes: Crotalinae). Asiatic Herpetological Research **8**:38–42. (P. Guo, F.-J. Zhang and Y.-Y. Chen)

Catalogue of type specimens of reptiles in the herpetological collections of Chengdu Institute of Biology, The Chinese Academy of Sciences. Asiatic Herpetological Research **8**:43–47. (P. Guo, F.-J. Zhang and Y.-Y. Chen)

*Pareas stanleyi*- A record new to Sichuan, China and a key to the Chinese species. Asiatic Herpetological Research **10**:280–281. (P. Guo and E. Zhao)

**Hh****Han, B.**

See K. Autumn (and B. Han)

**Heatwole, H.**

See B. L. Stuart (and H. Heatwole)

**Herrmann, H.-J.**

Investigations on ranid larvae in southern Sakhalin Island, Russia. Asiatic Herpetological Research **4**:68–75. (H.-J. Herrmann and K. Kabisch)

**Hoang, T.**

See M. Le et al. (and T. Hoang)

**Höggren, M.**

See G. Nilson et al. (and M. Höggren)

**Holroyd, P. A.**

See J. H. Hutchinson et al. (and P. A. Holroyd)

**Hua, J.**

See Y. Tang et al. (and J. Hua)

**Huang, J.**

See R. Wu (and J. Huang)

**Huang, M.**

Female reproductive cycle and embryonic development of the Chinese mamushi (*Agirostrodon blomhoffii brevicaudus*).

**Asiatic Herpetological Research **4**:62–67.**

(M. Huang, Y. Cao, F. Zhu and Y. Qu)

**Hung, D. O.**

See S. Zbigniew (and Hung, D. O)

**Hutchinson, J. H.**

A preliminary report on Southeast Asia's oldest Cenozoic turtle fauna from the late middle Eocene Pondaung Formation, Myanmar. Asiatic Herpetological Research **10**:38–52. (J. H. Hutchinson, P. A. Holroyd and R. L. Ciochon)

**li****Inger, R. F.**

A new species of *Leptolalax* (Anura: Megophryidae) from Borneo. Asiatic Herpetological Research **7**:48–50. (R. F. Inger, M. Lakim, A. Biun and P. Yambun)

**Ismail, A.**

See I. H. Jaafar et al. (and A. Ismail)

**Jj****Jaafar, I. H.**

Correlations of reproductive parameters of two tropical frogs from Malaysia. Asiatic Herpetological Research **8**:48–52. (I. H. Jaafar, A. Ismail and A.-R. Kurais)

**Jarrar, B. M.**

Histochemical characterization of the lingual salivary glands of the house gecko, *Ptyodactylus hasselquistii* (Squamata: Gekkonidae). Asiatic Herpetological Research **10**:176–181. (B. M. Jarrar and N. T. Taib)

**Ji, Xiang**

Utilization of energy and material in eggs and post-hatching yolk in an oviparous snake, *Elaphe taeniura*. Asiatic Herpetological Research **8**:53–59. (X. Ji, P.-Y. Sun, S.-Y. Fu and H.-S. Zhang)

See also, P.-C. Wang (and X. Ji)

**Ji, Xinquan**

See Y. Tang et al. (and X. Ji)

**Jiang, K.**

See Y. Chen et al. (and K. Jiang)

**Joyce, W. G.**

A review of the comparative morphology of extant testudinoid turtles (Reptilia: Testudines). Asiatic Herpetological Research **10**:53–109. (W. G. Joyce and C. J. Bell)

**Kk****Kabisch, K.**

See H.-J. Herrmann (and K. Kabisch)

**Kaiser, H.**

See J. L. Grismer et al. (and H. Kaiser)

**Kalkan, M.**

See I. H. Ugurtas et al. (and M. Kalkan)

**Kami, H. G.**

The biology of the Persian mountain salamander, *Batrachuperus persicus* (Amphibia, Caudata, Hynobiidae) in Golestan Province, Iran. Asiatic Herpetological Research **10**:182–190.

See also, M. Ebrahim et al. (and H. G. Kami)

**Kaska, Y.**

See Y. Kumlutas et al. (and Y. Kaska)

**Kennedy, R. S.**

See J. W. Ferner et al. (and R. S. Kennedy)

**Khan, M. R. Z.**

See M. S. Khan (and M. R. Z. Khan)

**Khan, M. S.**

Taxonomic notes on Pakistani snakes of the *Coluber karelini – rhodorachis – ventromaculatus* species complex: a new approach to the problem. Asiatic Herpetological Research **7**:51–60.

A new skink from the Thal Desert of Pakistan. Asiatic Herpetological Research **7**:61–67. (M. S. Khan and M. R. Z. Khan)

Redescription and generic redesignation of the Ladakhian gecko *Gymnodactylus stoliczkae* Steindachner, 1969 [1867]. Asiatic Herpetological Research **8**:60–68. (M. S. Khan and H. Rösler)

Buccopharyngeal morphology and feeding

ecology of *Microhyla ornata* tadpoles. Asiatic Herpetological Research **9**:130–138.

Obituary: Sherman Anthony Minton, Jr. Asiatic Herpetological Research **9**:154–155.

Annotated checklist of amphibians and reptiles of Pakistan. Asiatic Herpetological Research **10**:191–201.

**Kolbintzev, V.**

Distribution and natural history of the lidless skinks, *Asymblopharus alaicus* and *Ablepharus deserti* (Sauria: Scincidae) in the Aksu-Djabagly Nature Reserve (Western Tian-Shan Mountains), Kazakstan. Asiatic Herpetological Research **8**:69–74. (V. Kolbintzev, L. Mirochnichenko and T. Dujsebayeva)

**Krysko, K. L.**

See K. Auffenberg et al. (and K. L. Krysko)

**Kubykin, R. A.**

See D. Dolmen et al. (and R. A. Kubykin)

**Kudryavtsev, S.**

See S. Mamet (and S. Kudryavtsev)

**Kumlutas, Y.**

A morphological and taxonomic study on *Lacerta parva* Boulenger, 1887 (Sauria: Lacertidae) from West Taurus, Turkey. Asiatic Herpetological Research **10**:202–207. (Y. Kumlutas, S. H. Durmus, Y. Kaska, M. Öz and M. R. Tunç)

**Kurais, A.-R.**

See I. H. Jaafar et al. (and A.-R. Kurais)

**Kuzmin, S. L.**

Feeding ecology of the Caucasian salamander (*Mertensiella caucasica*), with comments on life history. Asiatic Herpetological Research **4**:123–131.

**Ll****Lakim, M.**

See R. F. Inger et al. (and M. Lakim)

**Lathrop, A.**

Taxonomic review of the megophryid frogs (Anura: Pelobatoidea). Asiatic

- Herpetological Research** 7:68–79.  
See also, J. Fu et al. (and A. Lathrop)  
T. L. Trépanier et al. (and A. Lathrop)
- Lau, M.**  
See J. Lazell et al. (and M. Lau)
- Lazell, J.**  
Four remarkable reptiles from South China Sea Islands, Hong Kong Territory. *Asiatic Herpetological Research* 3:64–66. (J. Lazell and W. Lu)  
A brief herpetological excursion to Wai Ling Ding, Wanshan Islands, South China Sea. *Asiatic Herpetological Research* 7:80–84. (J. Lazell, M. Lau and W. Lu)
- Le, D.**  
See M. Le et al. (and D. Le)
- Le, M.**  
Trade data and some comments on the distribution of *Mauremys annamensis* (Siebenrock, 1903). *Asiatic Herpetological Research* 10:110–113. (M. Le, T. Hoang and D. Le)
- Lee, W.-H.**  
See Y. Zhang et al. (and W.-H. Lee)
- Leong, T. M.**  
A new species of Kukri snake, *Oligodon* (Colubridae), from Pulau Tioman, West Malaysia. *Asiatic Herpetological Research* 10:12–16. (T. M. Leong and L. L. Grismer)  
See also, R. E. Diaz et al. (and T. M. Leong)  
J. L. Grismer et al. (and T. M. Leong)
- Leviton, A. E.**  
See R. M. Brown et al. (and A. E. Leviton)
- Li, Dejon**  
See G. Wei et al. (and D. Li)
- Li, Dong**  
See J. F. Parham (and D. Li)
- Li, W.-J.**  
The reproductive biology of *Rana boulengeri*. *Asiatic Herpetological Research* 9:1–5.
- Liang, B.**  
See B. Chen (and B. Liang)
- Liang, D.**  
See J. Pan (and D. Liang)
- Lim, B. L.**  
See J. L. Grismer et al. (and B. L. Lim)
- Lin, J.**  
Studies on the distribution of trace elements in *Agkistrodon blomhoffii brevicaudus* Stejneger. *Asiatic Herpetological Research* 6:62–68. (J. Lin, K.-M. Xü and D.-G. Liu)
- Litvinchuk, S. N.**  
Intraspecific and interspecific genome size variation in hynobiid salamanders of Russia and Kazakhstan: determination by flow cytometry. *Asiatic Herpetological Research* 10:282–294. (S. N. Litvinchuk, L. J. Borkin and J. M. Rosanov)
- Liu, D.-G.**  
See J. Lin et al. (and D.-G. Liu)
- Liu, W.-Z.**  
A karyosystematic study of the genus *Bombina* from China (Amphibia: Discoglossidae). *Asiatic Herpetological Research* 5:137–142. (W.-Z. Liu and D.-T. Yang)
- Liu, Z.**  
See M. Song et al. (and Z. Liu)
- Losos, J. B.**  
Thermal sensitivity of sprinting and clinging performance in the Tokay gecko (*Gekko gecko*). *Asiatic Herpetological Research* 3:54–59.
- Lu, B.**

**Zhao, E.**

A taxonomic study on Chinese species of the genus *Sibynophis*. Chinese Herpetological Research. **1**:1–6.

Karyotypes of Chinese species of *Occidozyga* (Family Ranidae), with discussion on the taxonomic status of *O. laevis martensi*. Chinese Herpetological Research **1**:7–11. (E. Zhao, A. Tan and G.-F. Wu)

A new species of *Rana* from Ningxia Hui Autonomous Region. Asiatic Herpetological Research **2**:1–3. (E. Zhao, J. R. Macey and T. J. Papenfuss)

The validity of *Elaphe perlacea*, a rare endemic snake from Sichuan Province, China. Asiatic Herpetological Research **3**:101–103.

A new species of *Rhabdophis* (Serpentes: Colubridae) from Hainan Island, China. Asiatic Herpetological Research **7**:166–169.

Infraspecific classification of some Chinese snakes. Asiatic Herpetological Research **7**:170–172.

**Zheng, X.-M.**

Cytotaxonomical studies on Chinese pelobatids

V. The karyotypes, C-bands and Ag-NORs of *Megophrys omeimontis* and *Oreolalax schmidti*. Asiatic Herpetological Research **2**:37–45. (X.-M. Zheng and G.-F. Wu)

Cytotaxonomic studies on Chinese pelobatids

VI. The karyotypes, C-bands and Ag-NORs of *Megophrys minor* and *Oreolalax major*. Asiatic Herpetological Research **6**:167–171. (X.-M. Zheng and G.-F. Wu)

Karyotypes of four microhylid frogs from Xishuangbanna, Southern Yunnan, China.

Asiatic Herpetological Research **6**:161–166. (X.-M. Zheng and G.-F. Wu)

**Zhong, C.**

First records for *Ophisaurus harti* and *Python molurus bivittatus* from Jiangxi Province, China. Asiatic Herpetological Research **5**:103–104.

- Acanthodactylus boskianus asper*, **8**:87, 88.
- Acanthodactylus boskianus boskianus*, **8**:87, 88.
- Acanthodactylus boskianus euphraticus*, **8**:87, 88.
- Acanthodactylus cantoris*, **8**:85; **10**:194.
- Acanthodactylus grandis*, **8**:85.
- Acanthodactylus micropholis*, **8**:85; **10**:194.
- Acanthodactylus opheodurus*, **8**:85.
- Acanthodactylus schmidti*, **10**:180.
- Acanthodactylus schmidti*, **8**:85; **10**:178.
- Acanthodactylus schreiberi*, **7**:159; **8**:85, 88.
- Acanthodactylus scutellatus*, **7**:159.
- Acanthosaura armata*, **10**:251, 257.
- Achalinus meiguensis*, **8**:45.
- Acinixys planicauda*, **10**:107.
- Acris crepitans*, **6**:121, 128.
- Acrochordus granulatus*, **9**:41, 51, 55.
- Acutotyphlops*, **6**:132, 142, 143, 144, 148.
- Acutotyphlops infralabialis*, **6**:132, 139, 140, 141, 142, 143, 144, 145, 147, 148.
- Acutotyphlops kunuaensis*, **6**:132, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148.
- Acutotyphlops solomonis*, **6**:132, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149.
- Acutotyphlops subocularis*, **6**:132, 139, 140, 141, 142, 143, 145, 147, 148, 149.
- Aelurophryne*, **7**:34, 35, 70, 71.
- Aelurophryne mammata*, **7**:71.
- Afrana*, **6**:86.
- Agama*, **3**:104.
- Agama agilis*, **8**:90, 91.
- Agama atra*, **10**:232.
- Agama blandfordi*, **10**:178.
- Agama blandfordii*, **10**:179.
- Agama himalayana sacra*, **3**:104.
- Agama isolepis*, **8**:90, 91.
- Agama kermanensis*, **8**:101.

- Agama kermanensis brevicauda*, **8**:101.  
*Agama (Laudakia) stellio*, **9**:151.  
*Agama tiedmanni*, **5**:21.  
*Agama versicolor*, **5**:14, 21.  
*Agamodon anguliceps*, **8**:5.  
*Agamura*, **10**:193.  
*Agamura persica*, **10**:193.  
*Akistrodon*, **1**:23, 49; **4**:57, 58, 60; **5**:122; **6**:62.  
*Akistrodon acutus*, **4**:58; **5**:117, 118, 120, 121, 122, 123, 124, 125; **8**:107, 108, 110.  
*Akistrodon blomhoffii*, **1**:46, 47.  
*Akistrodon blomhoffii blomhoffii*, **1**:45.  
*Akistrodon blomhoffii brevicaudus*, **1**:22, 28, 45, 46, 47, 52; **4**:58, 59, 60, 62, 63, 64, 65, 66; **6**:62, 63, 68.  
*Akistrodon blomhoffii intermedius*, **1**:47.  
*Akistrodon blomhoffii ussuriensis*, **1**:45, 47; **4**:58, 59, 60.  
*Akistrodon caliginosus*, **1**:22, 28, 46, 47, 52.  
*Akistrodon contortrix contortrix*, **5**:124, 125.  
*Akistrodon halis*, **7**:134.  
*Akistrodon halis caucasicus*, **7**:134.  
*Akistrodon halys*, **1**:45, 48, 49; **4**:58; **5**:117, 118, 120, 121, 122, 123, 124, 125, 132, 133, 135; **8**:73, 107, 108.  
*Akistrodon halys blomhoffii*, **6**:83.  
*Akistrodon halys brevicaudus*, **1**:45, 46.  
*Akistrodon halys caraganus*, **4**:57; **5**:130.  
*Akistrodon halys caucasicus*, **5**:6, 130.  
*Akistrodon halys intermedius*, **1**:48; **7**:132.  
*Akistron himalayanus*, **2**:24.  
*Akistrodon intermedius*, **2**:4; **4**:58, 59, 60.  
*Akistrodon intermedius saxatilis*, **1**:48.  
*Akistrodon monticola*, **4**:58.  
*Akistrodon saxatalis*, **1**:22.  
*Akistrodon saxatalis*, **1**:28, 47, 48, 52; **4**:58, 60.  
*Akistrodon shedaoensis*, **4**:58, 59, 60; **6**:62; **7**:170; **8**:46.  
*Akistrodon strauchii*, **2**:4; **4**:58, 60, Plate 1.  
*Akistrodon ussuriensis*, **1**:46, 47; **6**:62.  
*Argionemys*, **10**:192.  
*Argionemys horsfieldi*, **5**:129, 132, 133, 134, 135; **10**:106.  
*Argionemys horsfieldii*, **10**:192.  
*Ahaetulla*, **2**:22, 23, 27, 28.  
*Ahaetulla nasuta*, **2**:23; **6**:173; **7**:1, 4.  
*Ahaetulla prasina*, **3**:66; **5**:96; **10**:253, 273.  
*Ahaetulla prasina prasina*, **4**:32.  
*Ahaetulla prasina preocularis*, **5**:96; **9**:41, 51, 63.  
*Aldabrachelys dussumieri*, **10**:106.  
*Allaeochelys*, **10**:45, 47.  
*Alligator*, **6**:155.  
*Alligator chinensis*, **2**:69.  
*Alligator mississippiensis*, **6**:157.  
*Alligator mississippiensis*, **4**:133, 134, 136; **5**:113; **7**:141; **8**:57.  
*Alligator sinensis*, **3**:129; **4**:132, 133, 135, 137, 138; **5**:112, 113, 114, 115; **6**:157.  
*Alsophylax boehmei*, **10**:151, 152, 157, 158.  
*Alsophylax laevis*, **5**:129, 131.  
*Alsophylax loricatus*, **5**:131.  
*Alsophylax loricatus szczerbaki*, **5**:129.  
*Alsophylax pipiens*, **5**:129, 131; **9**:114, 116, 119.  
*Alsophylax przewalskii*, **8**:22.  
*Altigekko*, **10**:193.  
*Altigekko baturensis*, **10**:193.  
*Altigekko boehmei*, **10**:193.  
*Altigekko stoliczkai*, **10**:193.  
*Altiphylax boehmei*, **10**:151, 152, 157, 158.  
*Altirana*, **6**:69, 71, 72, 73, 75, 76, 77, 86; **10**:300.  
*Altirana parkeri*, **6**:69, 70, 71, 73, 74, 75, 76, 77.  
*Alytes*, **5**:140, 141.  
*Ambystoma maculatum*, **5**:160, 161.  
*Ambystoma tigrinum*, **4**:71.  
*Amerana*, **6**:86.  
*Amietia*, **6**:86.  
*Amnirana*, **6**:86, 92, 93, 94.

*Uromastyx hardwickii*, **10**:195.  
*Uromastyx microlepis*, **10**:178, 180.  
*Urosaurus ornatus*, **7**:158, 161.  
*Uta stansburiana*, **8**:82–83.

## Vv

- Varanus*, **1**:60, 61; **5**:86; **9**:25; **10**:195, 236.  
*Vararus bengalensis*, **1**:60, 61, 62; **4**:30; **6**:173; **7**:114; **10**:195, 236, 237, 238, 239, 240.  
*Varanus dumerili*, **1**:60, 61, 62.  
*Varanus flavescens*, **1**:60, 62; **6**:173; **10**:195.  
*Varanus griseus*, **5**:132, 133, 134, 135; **7**:108; **9**:33; **10**:195.  
*Varanus griseus caspius*, **5**:130; **10**:195.  
*Varanus griseus koniecznyi*, **10**:195.  
*Varanus cf. griseus*, **4**:80.  
*Varanus irrawadicus*, **1**:60, 61, 62, 63.  
*Varanus irrawardicus*, **1**:60.  
*Varanus komodensis*, **7**:114.  
*Varanus komodoensis*, **7**:160.  
*Varanus monitor*, **1**:60, 62, 63.  
*Varanus nebulosus*, **10**:252, 272.  
*Varanus olivaceus*, **5**:85.  
*Varanus panoptes*, **9**:25, 26, 27, 28.  
*Varanus rosenbergi*, **7**:114.  
*Varanus rudicolis*, **1**:60, 61, 62, 63.  
*Varanus salvator*, **1**:60, 61, 62, 63; **10**:252, 273.  
*Varanus salvator nuchalis*, **9**:41, 51, 62.  
*Vibrissaphora*, **2**:37; **7**:71, 97; **10**:298, 300.  
*Vibrissaphora ailaonica*, **2**:37, 42.  
*Vibrissaphora boringii*, **2**:42.  
*Vibrissaphora leishanensis*, **2**:42.  
*Vibrissaphora liui*, **2**:42.  
*Vibrissaphora yaoshanensis*, **2**:42.  
*Vipera*, **3**:1, 25, 28.

*Vipera ammodytes*, **3**:20.  
*Vipera aspis*, **6**:18; **7**:134.  
*Vipera berus*, **1**:28, 44, 45; **3**:3, 4, 5, 8, 13, 14, 15, 25, 26; **4**:66; **6**:3, 6, 13, 18.  
*Vipera berus berus*, **1**:22, 44, 45, 49; **3**:26.  
*Vipera berus dinniki*, **3**:3, 4, 5, 8, 9, 14; **6**:1.  
*Vipera berus ornata*, **3**:3, 5, 6, 26.  
*Vipera berus renardi*, **3**:26.  
*Vipera berus sachalinensis*, **1**:44.  
*Vipera darevskii*, **3**:1, 2, 5, 6, 8, 9, 19, 21, 22, 23, 24, 26, 30, 31; **6**:15, 19.  
*Vipera dinniki*, **3**:1, 2, 5, 6, 8, 9, Plate 2, 11, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 25, 27, 29, 30, 31, 70, 80; **6**:1, 2, 3, 4, 5, Plate 1a, 1b, 1c, 6, 7, 8, 9, 10, 11, 13, 14, 15, 16, 17, 18, 19, 20, 21; **7**:134.  
*Vipera eriwanensis*, **6**:3, 13, 19, 20, 21, 23.  
*Vipera gedulyi*, **3**:28.  
*Vipera kaznakovi*, **6**:1, 2, 3, 5, 7, 8, 9, 10, 11, 12, 13, 14, 15, 18, 19; **7**:134.  
*Vipera kaznakowi*, **3**:1, 2, 3, 4, 5, 6, 7, 8, 9, 10, Plate 1, 11, 12, 13, 14–15, 16, 17, 18, 19, 20, 21, 22, 23, 25, 26, 27, 28–29, 30, 31, 32, 67, 68, 69, 73, 75, 77, 80; **4**:52.  
*Vipera kaznakowi dareskii*, **3**:21.  
*Vipera kaznakowi dinniki*, **3**:14, 21.  
*Vipera kaznakowi kaznakowi*, **3**:6.  
*Vipera kaznakowi orientalis*, **3**:3, 14; **6**:20.  
*Vipera lebetina*, **3**:25; **5**:6, 132, 133, 134, 135; **7**:6, 132, 134.  
*Vipera lebetina cernovi*, **7**:6.  
*Vipera lebetina chernovi*, **7**:134.  
*Vipera lebetina obtusa*, **7**:6, 134.  
*Vipera lebetina turanica*, **5**:130; **7**:6, 134.  
*Vipera lotievi*, **6**:1, Plate 1d, 11, 16, 17, 18, 19, 20, 21, 22, 23, 24.  
*Vipera lotievii*, **6**:3, 13.  
*Vipera orientalis*, **6**:20.  
*Vipera palaestina*, **7**:132.  
*Vipera persica*, **3**:25.  
*Vipera pontica*, **6**:19.  
*Vipera raddei*, **3**:20, 25; **7**:132.  
*Vipera renardi*, **3**:3–4, 6, 14; **6**:1, 18, 19, 20, 21, 23.  
*Vipera russelli*, **5**:125; **8**:108.  
*Vipera seoanei*, **6**:16, 22.  
*Vipera tigrina*, **3**:3, 5, 14.  
*Vipera ursini*, **3**:2, 5, 13, 18, 22, 23, 25; **7**:137; **8**:73.  
*Vipera ursini eriwanensis*, **3**:2, 6, 8, Plate 3, 19, 22, 23, 24, 30, 31; **6**:19.  
*Vipera ursini kaznakowi*, **3**:6, 14.  
*Vipera ursini renardi*, **3**:2, 4, 5, 6, 8, 14, 19, 25, 26, 27, 28, 29, 30, 31, 32.  
*Vipera ursini*, **6**:1, 2, 15, 16, 18, 19, 21, 22, 23, 24; **7**:134.  
*Vipera xanthina*, **3**:14, 25; **7**:132.
